CAREER OBJECTIVE

To apply my knowledge and problem-solving skills in a dynamic environment, contributing to impactful software solutions while continuously learning and growing in the field of technology

EDUCATION

APJ Abdul Kalam Technological University   Bachelor of Technology
Sahrdaya College of Engineering and Technology   *Oct. 2021 – Jun. 2025*
CGPA: 7.8 (Till S6)

Carmel Higher Secondary School, Chalakudy   Higher Secondary
Computer Science   *2020 – 2021*
Percentage: 93.75%

CMI Public School, Chalakudy   High School
Computer Science   *2010 – 2020*
Percentage: 83.2%

PROJECTS

EduAR | *Vuforia, Unity, Blender*
- Created EduAR, an educational app using Vuforia, Unity, and Blender.
- Enables interactive learning through augmented reality models.
- Enhances understanding of complex concepts with real-time 3D visualization.

LeadCentral | *Flutter, Firebase*
- Developed LeadCentral using Flutter and Firebase for efficient lead management.
- Designed intuitive UI/UX to streamline lead tracking and communication processes.
- Implemented Firebase backend for real-time data synchronization and secure storage of lead information.

Gallery | *HTML, CSS, JavaScript, React, Tailwind CSS, Vercel*
- Developed a responsive Gallery website using React and Tailwind CSS and deployed it on Vercel.
- Showcases all current projects.
- Built to be responsive and displayed on any device.
- Features animations for a dynamic user experience.

INTERNSHIPS

CYGNUS IT SOLUTIONS, Thrissur   June 2024 – Present
Intern, Mobile Application Development
- Developed Flutter-based mobile apps, integrating Firebase for seamless user experiences.
- Designed wireframes and prototypes with Figma for effective stakeholder communication.

TECHBYHEART, Ernakulam   May 2023 – June 2023
Intern, Cyber Security and Ethical Hacking
- Gained hands-on experience in vulnerability assessment and penetration testing.
- Applied theoretical knowledge to real-world scenarios in threat detection and mitigation.

SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS, R, Flutter
Frameworks: React, Node.js, TailwindCSS
Database: Firebase
Developer Tools: Git, Docker, VS Code, Visual Studio, Figma, Blender, Unity
Design Tools: Adobe Photoshop, Adobe After Effects, Davinci Resolve, Canva

SOFT SKILLS

Verbal and Written Communication, Team Player, Flexibility
